

ELI BRUMBAUGH

Design Leader of Airbnb's Data Platform, Data UX & Data Design Systems

San Francisco Bay Area, California

I have a fierce passion for Experience, Product, Systems, UI, UX, Visual and Data Design. I enjoy exploring experimental interfaces (FUI), emerging technologies, cryptocurrencies, asteroid mining and commercial space travel.

WORK EXPERIENCE

AIRBNB

Design Lead | Aug, 2015 – Current

Leading design for Airbnb's Data Platform including Analytics Products, Experimentation, Machine Learning Infrastructure, Data Engineering Infrastructure, Data Infrastructure and Compute Frameworks teams. My team blurs the line between Product Design, Engineering, and Data Science to make a large-scale impact inside of a rapidly growing organization. Previously worked on Airbnb's core product, experiences product, skunkworks and more.

- Leading Design for Airbnb's Data Platform
- Leading Design for Airbnb's Data Experiences
- Co-creator of Airbnb's Data Design Language System (Data DLS)
- Co-creator of Airbnb's Open Source, Internal Tool Design System
- Evangelizing the Data User Experience (DX / Data UX) Design discipline
- Consulting w/ product teams
