

SCOTTY MOON

Senior Mobile Developer

Independence, MO

I am an active Mobile Developer, learner, and enthusiast with over 15 years of experience. My most recent focus has been on React Native, Java, Swift, and Flutter. I have had the pleasure of mentoring many junior developers and enjoy making elegant solutions to technical challenges. I love working on a team that is friendly, focused and embraces the right tool for the job. I believe that a successful project has equal parts skill and communication.
